

Workplace Safety Tips

- Be aware of your surroundings
- Keep correct posture to protect your back
- Take regular breaks
- Use tools and machines properly
- Keep emergency exits easily accessible
- Report unsafe conditions to your supervisor
- Use mechanical aids whenever possible
- Stay sober
- Reduce workplace stress
- Wear the correct safety equipment

The Safety & Environmental Health Department will implement and support:

- Safety education, safety engineering, and safety policies for CNM
- Procedures that seek to enhance the health and safety of all students, employees, and visitors
- Safe conditions and safety practices
- Activities that mitigate dangers for CNM's Students, Employees and Visitors
